Product Charging station without chargers	Model No. SR 506	Ordering No. T06-0117
---	----------------------------	---------------------------------

Product description

The charging station is a practical aid for charging the batteries of the Sundström SR 500. The station is available in unassembled condition, designated SR 506, and can then be fitted with 1–5 chargers, as required.

This charger senses the battery condition and provides optimum charging conditions, with the shortest possible charging time.

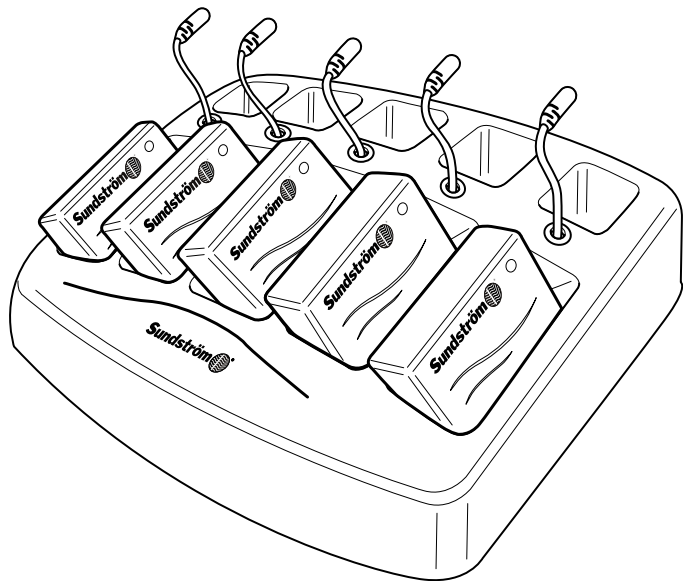

The SR 506 is delivered in unassembled condition, without charger and batteries.

Slots are provided for wall mounting.

Technical specification

SR 506
